

## Substance Abuse and Women of Color

### Program Evaluation

#### OBJECTIVES:

By the end of the session learners will:

Gain understanding of the complexity of the interface between gender, ethnic and racial differences regarding substance abuse in women.

Develop skills to recognize opportunities for brief intervention and relapse prevention with female patients of differing cultural backgrounds.

Recognize the need for creative innovation and advocacy regarding family centered care for women and their families.

**Please circle the number that best reflects your evaluation of the program and speaker.**

	Excellent	Good	Fair	Poor
<b>Program</b>				
Did this program meet your learning needs?	4	3	2	1
Were the objectives of this program met?	4	3	2	1
<b>Speaker/Facilitator</b>				
Clarity	4	3	2	1
Knowledge	4	3	2	1
Teaching Methods	4	3	2	1
