

Associate Scientist  
Brigham and Women's Hospital

The Department of Medicine and the Division of Gastroenterology, Hepatology and Endoscopy are seeking an Associate Scientist to join the Research Staff, specifically to build a program in Endoplasmic Stress-related regulation of lipid metabolism in the liver. The applicant should have a Ph.D. degree or equivalent training with a previous record of achievement in this area of research. Academic rank at Harvard Medical School at the Assistant or Associate Professor level will be commensurate with experience, training and achievements.

Please send CV to:

Richard S. Blumberg, M.D.  
Chief, Gastroenterology Division  
Brigham and Women's Hospital  
75 Francis Street  
Boston, MA 02115  
e-mail: [rblumberg@partners.org](mailto:rblumberg@partners.org).

Brigham and Women's Hospital/Harvard Medical School Equal Opportunity/Affirmative Action Employers are actively committed to increasing the diversity of our faculty: women and members of underrepresented minority groups are therefore strongly encouraged to apply.
