

**ASSISTANT/ASSOCIATE PROFESSOR
HARVARD MEDICAL SCHOOL
BRIGHAM AND WOMEN'S HOSPITAL
DEPARTMENT OF NEUROLOGY**

The Center for Neurologic Diseases, Department of Neurology, Brigham and Women's Hospital and Harvard Medical School, seeks a basic scientist (PhD degree) with extensive experience in protein biochemistry and molecular biology and deep expertise in the biochemistry of APP, amyloid β -protein and other molecules implicated in Alzheimer's disease. Academic rank as Assistant or Associate Professor at Harvard Medical School will be commensurate with experience, training and achievements. Candidates must have a substantial publication record in this area and demonstrated ability to obtain multi-year research grants in AD.

Please send your curriculum vitae by August 30, 2009 to:

Dennis Selkoe, MD
