Children's Hospital Boston / Harvard Medical School

The Department of Plastic Surgery at Children's Hospital Boston and Harvard Medical School seeks a full-time faculty member to fill a position in **Pediatric Plastic, Hand and Microvascular Surgery**. Prospective candidates must be board certified or board eligible. The successful candidate should be broadly trained in all areas of plastic surgery; exhibit a commitment to pediatric reconstructive plastic surgery, academia, and research and have a strong interest in the areas of hand and microvascular surgery including facial reanimation. This position would be an instructor or assistant professor position.

Please e-mail a letter of interest and CV to john.meara@childrens.harvard.edu
