Practical Aspects of Palliative Care:
Integrating Palliative Care into Clinical Practice

Wednesday, September 13 – Friday, September 15, 2017
Colonnade Hotel, Boston, Massachusetts

Course Directors: Kristen Schaefer, MD, Eva Chittenden, MD

This two-and-one-half-day course is designed to offer physicians, nurses, and allied health professionals essential knowledge and skills to provide high quality palliative care to patients with serious illnesses in a variety of practice settings. It addresses the assessment and management of physical, psychological, social, and spiritual/existential sources of suffering experienced by seriously ill patients and their families. Through plenary sessions and small breakout groups, participants will develop a toolbox of palliative care competencies and will learn from colleagues facing similar practice challenges.
